Application, 13th of October 2023

As a nearby resident I would like to object to the granting of an alcohol license and saving of refreshments between 11 and five past midnight This garage since it was established has been a regular gathering point for young people using cars and behaving badly. With regard to noise bad driving, speeding , Destruction of fences ,littering This is well documented and many many calls have been sent to the police and local Asb council by ourselves and local businesses.

From the information, I have been given by the relevant authorities, EuroGarages have been not interested I feel no responsibility in the situation they have already created With regard to serving light refreshment, until after midnight This will only be used by the local car gangs and will cause further disruption and noise Into the early hours . There is no other need for refreshment to this hour in this area.

Yours faithfully  
les gosling
