<b>Children's Safeguarding &amp; Family Support</b>				
CIC Placements		17,389,447	2,156,338	There has been significant pressure on residential placement costs, with a number of existing placements becoming significantly more expensive due to the complexities and challenges being presented. In addition five young people have been placed on remand and with costs of £385 per day, this alone has added £546K to the projected costs for the year. These additional costs have only been partly offset by a number of successful step downs from residential placements during the year.
Post 18 Staying Put & Leaving Care Support		428,208	210,443	The demography of higher cost placements, with a significant number of teenagers approaching adulthood, has contributed to budget pressure in this area.
Health Funding		-400,000	(57,721)	Health representatives now attend the weekly RAMP Panel to discuss new placement costs. They are involved in all discussions where the service considers there to be a requirement for funding linked to health needs. This increased engagement has been helpful and led to contributions from health increasing significantly compared to 2020/21. This increased engagement is to be reinforced by meetings with the CCG to discuss existing placements where the child or young person has health needs.
Staffing - salaries		13,019,787	(445,403)	There have been a number of vacancies during the year, which have contributed to this underspend. Recruitment is proving increasingly challenging for T&W, reflecting the national situation and this is beginning to push up agency costs (see below). Work is underway to address this by ensuring that our recruitment package is competitive for areas of staffing pressure.
Staffing - Agency Costs		160,400	324,147	Agency staff are covering maternity/sickness absence in the service, but also increasingly covering for posts which are proving difficult to recruit to.
Staffing - Family Safeguarding Model		0	452,566	Grant funding will contribute to the costs of the Family Safeguarding initiative which has commenced this year (see matching income below).

Contribution from Reserves	-578,991	(435,942)		
Children with Disabilities	1,198,298	196,971	CV19 has impacted upon the opportunities able to be offered to children with disabilities and this has led to greater pressures on families and increases in the support required. A Direct Payments Officer has recently been appointed and a robust review of current payment levels and the level of balances in fair share accounts will be undertaken to ensure that the personal budgets provided to families are at an appropriate level.	
Children in Care Adoption Allowances	291,400	(47,900)		
Joint Adoption Service	774,417	51,972	External adoption agency fees have led to the forecast overspend. The 2021/22 outturn for this area will also potentially be impacted by the ongoing review of the Adoption Support Fund being undertaken by Shropshire, as this will determine whether the current assumptions for monies claimed but needing to be returned are accurate.	
Under £50k	3,704,638	941,775	Contributors to the variance include legal costs, assessment fees and contributions to property adaptations. Some of the expenditure in this area is offset by contributions from reserves (see above), for example with regard to non staffing cost elements of the family safeguarding project.

Traded Advisory Service	88,081	5,683	
Home to school transport	2,854,632	644,834	<p>There is an existing pressure in this area which has been exacerbated by a sharp increase in taxi costs from September 2021. There are a number of factors contributing to this. Competition in the local area has reduced. Subsequently the largest local operator increased prices by 20% and in addition the local market for taxi drivers is tight, leading to upward pressure on costs. A number of initiatives are underway to address these issues, including:</p> <ul style="list-style-type: none"> <li>• Work to develop market – given lack of competition and increased costs of transport/taxis.</li> <li>• Seek continued efficiencies by reviewing routes and retendering and moving away from high cost provision.</li> <li>• Increasing the take-up Personal Transport Budgets to encourage alternative transport options (and enabling Dedicated Schools Grant (DSG) to be utilised for high needs pupils).</li> <li>• Significantly increase numbers of young people receiving travel training.</li> <li>• Providing minibus transport rather than taxis where possible and re-tendering of taxi contracts.</li> </ul>
Post 16 transport	295,970	174,176	<p>There is an existing pressure in this area, due to a number of post 16 young people with high needs needing individual transport arrangements. As with pre 16 transport this pressure has been supplemented by a sharp increase in taxi costs from September.</p>
Work Ready, Life Ready	530,934	71,849	<p>Education Business Partnership income is currently projected to be lower than budgeted because the usual work experience placements in the Spring weren't able to take place because of CV19 restrictions in place at the time. The service generates income from schools for each placement.</p>
Skills Service Delivery	(109,352)	125,669	<p>There is an existing pressure in this area. The service continues to seek to identify ways to achieve efficiencies, but the impact of CV19 on normal income generating activities has made this more challenging.</p>
Arthog	292,626	357,057	<p>Summer term bookings for Arthog have been fundamentally impacted by restrictions caused by CV19. Since lockdown began in 2020, Arthog's ability to operate has been severely restricted. The financial projections currently assume that from Autumn onwards a more normal pattern of activity is resumed.</p>

Long Term Care Purchasing	Residential/Residential(Dementia) care, Nursing/Nursing (Dementia) care, Homecare, Direct Payments, Shared Lives, Supported Accommodation and Supported Living, Daycare: Spot and Block contracts	57,847,675	4,621,863	Long term block and spot care expenditure pressure currently forecast. There is significant demand for care mainly seen in the amount of care and complexity of care being provided for clients entering the system. In some areas there is also pressure on prices being paid for care. The expectation is for a significant increase in overall costs of care this year. Some of this care provision is funded/contributed from non-Council sources and the impact is an expectation of increased income-see below.
Long Term Care income	Client Contributions	(7,855,930)	(69,594)	Income from clients who pay an assessed contribution towards their care costs
Long Term Care income	Joint Funding CCG contributions	(1,681,218)	(803,523)	Additional funding projected relating to clients who have part of their care funded by the CCG.
Purchasing - Short Term Reablement care (through BCF)	Bed based care and homecare for up to six weeks	3,147,155	3,897,397	Current projected enablement gross spend. This will be partly offset by income from the CCG as part of a risk share agreement and further income, also from the CCG, which relates to specific initiatives and Covid related costs-see below
Income	Recharges to the CCG (Risk Share)	(724,000)	(848,000)	Income from the CCG to meet their liabilities under the BCF Section 75 risk share agreement. This also includes the income expected to cover the costs of care commissioned to facilitate the avoidance of hospital admissions.
Income	Recharges to the CCG (HDP)	0	(1,998,617)	This income covers costs arising from services commissioned by the Local Authority where funding is held by the CCG in relation to the Hospital Discharge Programme
Income	Recharges to the CCG (Other)	0	(668,433)	This income covers costs arising from services commissioned by the Local Authority where funding is held by the CCG or is Commissioned on behalf of the CCG.i.e. Winter Pressures
Short Term Care	Contribution from reserves	0	(393,000)	Use of reserves to offset increased short-term care costs in excess of budget

Sexual Health Services		0	(253,921)	This is due to reduced service capacity and attendance due to COVID-19 in both the integrated sexual health service and primary care. Activity is starting to increase with additional clinic being delivered to meet an increasing demand.
0-19 Commissioning		0	(223,902)	Additional implementation funding which was awarded to the provider on a non-recurring basis to support new developments to meet the service needs, was not implemented as a result of COVID-19. The service is now fully operating and therefore this work is now progressing.
Stop Smoking Service		7,904	(186,477)	There are vacancies within the team but plans are being progressed to recruit to these posts, which are needed to deliver elements of the Health Inequalities plan. In addition there is an underspend against the prescribing budget as a result of problems with the national supply chain and delivery of service being on-line. Discussions are taking place with the CCG and local medicines management to agree pathways to address this.
NHS Health Check Programme		0	(52,724)	Programme has been suspended again due to Accelerated Covid Vaccination Programme taking precedent.
Library Service		1,392,207	84,240	Full year savings target not yet achieved due to delays in implementation of proposals. and loss of income from Book fines/photocopying due to library closures due to Covid -19.

Leisure	Income	(5,225,405)	723,994	Net shortfall projected against income due to the impact of closures and social distancing restrictions during Q1 as a result of Covid. Service Variations include income pressure from the closure of Newport Pool from December until the end of March for improvements to the pool and grant-funded works to reduce carbon emissions as part of our commitment to tackle climate change
Education Catering	Income - net of food costs	(3,189,085)	459,736	Net impact on School catering based on meal numbers up to October half term, with issues arising due to the numbers of children isolating. This does not account for any charges to schools for UIFSM not taken. The position is expected to remain challenging due to the number of Covid cases in schools.
Commercial catering	Income - net of food costs	(203,990)	180,214	Projected shortfall in income as Café Go and Ice Rink Café closed part year due to Covid plus allowance made for a lower customer capacity once open.
ICT - MFD's	Various	(104,191)	82,561	Shortfall against income from MFD's due to lower printing volumes as a result of home working. This loss assumes that staff return to the office for 2 days a week from the end of July. Corresponding underspends will be held within Service budgets.
