

Proposed changes from previously used venues, following consultation responses and availability information are shown below:

Appendix 2 SUMMARY OF CHANGES FROM CONSULTATION

Ward/ Polling District/Electors	Proposed changes to Returning Officer Initial Proposals	Accepted/Rejected	Comments
Ercall Ward (WGE)	<p>The Sir John Bayley Club to change to the Red Lion Annex</p> <p>4 submissions received from Town and Parish councillors</p>	Rejected	<p>The Red Lion Annex was last used in 2019 , following a review the building was deemed unsuitable due to problems with ramp access and lighting issues, a number of complaints were received. The Sir John Bayley Club has been used since then for parliamentary and PCC elections and no complaints have been received regarding the suitability of this venue. Furthermore, at each election, the Polling Station Inspectors appointed by the Returning Officer provide feedback on suitability of venues and, in this case, the feedback did not highlight any areas of concern.</p>
Madeley & Sutton Hill (TMA)	Madeley Rest Room to change to The Anstice	Accepted	Madeley Town Council/councillors proposal as The Anstice is at the centre of the Madeley community, has good accessibility and is used regularly by local residents
Horsehay & Lightmoor (THB & THZ)	<p>Horsehay Golf Club to change to Horsehay Village Hall</p> <p>Submission received from Cllr Greenaway (Borough councillor)</p>	Accepted	

Lawley (TLB & TLS)	Church of Latter Day Saints to change to Horsehay Village Golf Club	Accepted	Due to a change of policy the Church notified the Returning Officer on 20 January that the building would no longer be available as a polling station. The Lawley area contains a large number of electors but no other suitable buildings. One possibility would be a portacabin near the cycle area but this would not be ideal. The only suitable building close to the current polling station is just outside the Lawley ward at Horsehay Village Golf Club – this is the current proposal although will continue to see if an alternative, within the ward can be identified.
Ercall Magna (WEM)	That electors from Eyton vote at St Lawrence C of E Primary	Accepted	The submission from the Parish Meeting suggested moving Eyton electors to either Shawbirch or to St Lawrence C of E school, Preston. Shawbirch is already used as a dual polling station; to add a third polling station at the Shawbirch location is likely to increase elector confusion. However, moving electors to vote at Preston can be accommodated and would be more convenient for those electors
