

Medium Term Financial Strategy 2023/24 – 2026/27

“We want to keep council tax bills as low as possible, especially during a cost of living crisis. We also want to ensure we’re investing in the right places to create a cleaner, greener, safer and more enjoyable borough. This is a difficult balance to strike.

“Over the past four weeks, we’ve invited feedback from people on our plans, which include a commitment to freeze general council tax for the second year running as well as investing millions into our roads, high streets and green spaces.

“I would like to thank everyone who took the time to feedback. Your comments will be carefully considered as we move to the next stage of approving the council’s budget.”
