

Invest Telford Performance Report

"The council's approach to business and investment support has already had a significant positive impact on the local economy, businesses and residents. Invest Telford which links in with the council's new place strategy will be instrumental in driving the borough's economic growth by promoting it as an attractive destination for investment. We are proud of the growth and investment we have seen in recent years, and we are committed to ensuring that this trend continues.

"We are confident that the launch of Invest Telford, coupled with the new website and package of support for businesses, will provide a significant boost to the local economy and enable us to attract even more businesses to the borough."
