1. Executive summary

The Health & Care Act 2022 requires each Integrated Care Board (ICB) in England to produce and publish a Joint Forward Plan (JFP) as the framework for the implementation of the interim Integrated Care Strategy (IC Strategy).

This report seeks to:

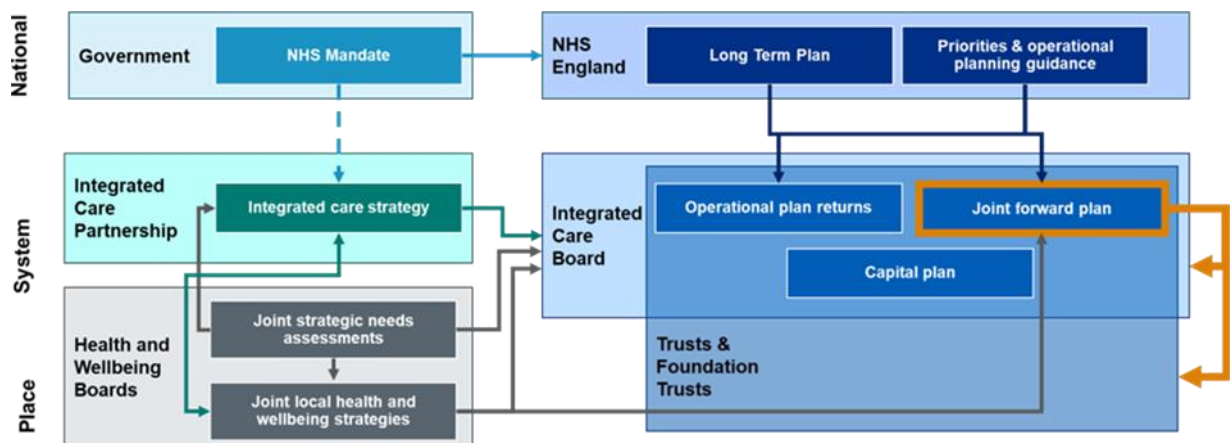

- a) provide an update and timeline on the development of the JFP
- b) provide an update on the interim IC Strategy

2. Background and Context

- a) Guidance published by NHS England in December 2022 informed ICBs and their partner trusts that
 - they have a duty to prepare a first JFP before the start of the financial year 2023/23

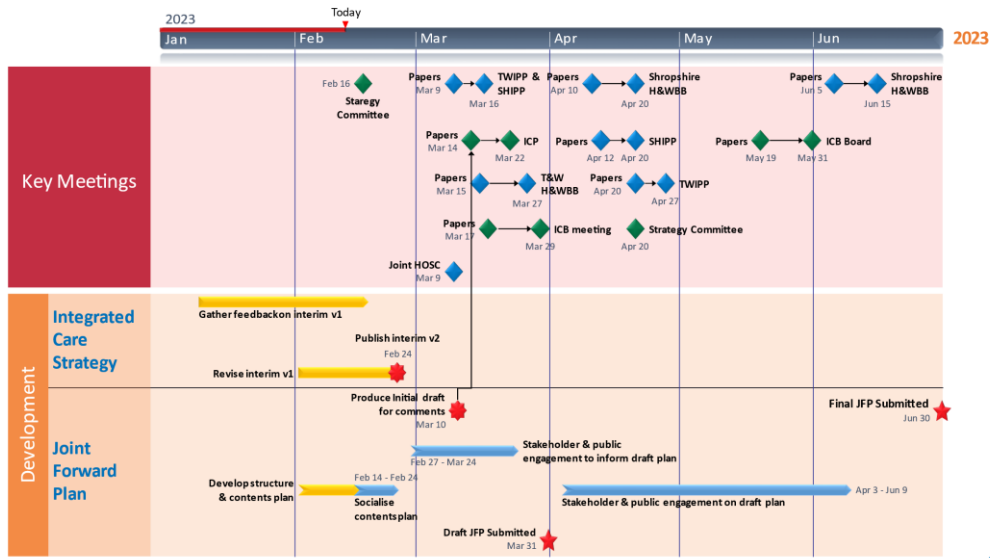

- the JFP will act as the framework for the implementation of the interim IC Strategy
- in the first interim year the date for publishing and sharing the final plan with NHS England, their integrated care partnerships (ICPs) and Health and Well-being Boards (HWBs), is 30 June 2023
- the process for consulting on a draft of the plan, should be commenced with a view to producing a version by 31 March
- consultation on further iterations may continue after that date, prior to the plan being finalised in time for publication and sharing by 30 June
- ICBs and their partner trusts must involve relevant Health and Wellbeing Boards in preparing or revising the JFP
- the final version must be published, and ICBs and their partner trusts should expect to be held to account for its delivery – including by their population, patients and their carers or representatives – and in particular through the ICP, Healthwatch and the local authorities’ health overview and scrutiny committees

Statutory framework (not including interaction with wider system partners) relating to the JFP

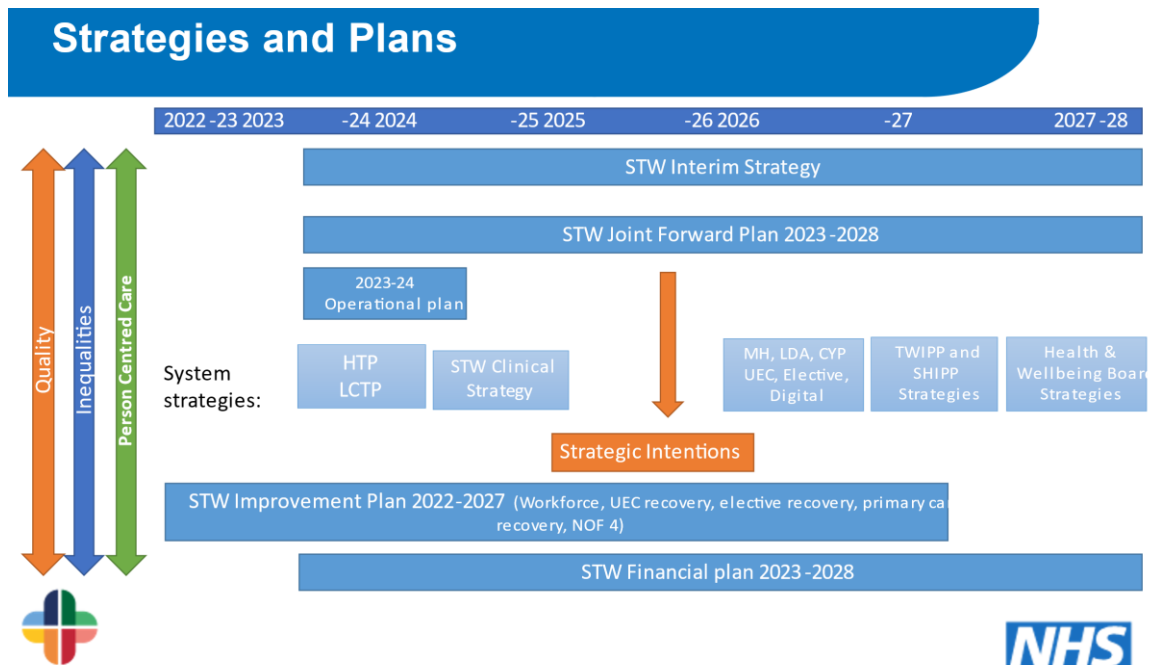

In order to meet these obligations and produce the required plan a Joint Forward Plan Working Group and a PMO to coordinate the work has been established. Activities required to manage the JFP through its approval process as well as ongoing engagement events for the period of February to June 2023 have been mapped out.

Strategies and plans from across the system will be consolidated in order to develop a shared delivery plan for the integrated care strategy (developed by the ICP) and the Joint Local Health and Well Being Strategies (developed through Health and Wellbeing Boards) that is supported by the whole system, including local authorities and voluntary, community and social enterprise partners.

A proposed outline of the JFP was presented to the ICB Board in a development session on 22 February 2023; the board agreed with the suggested content and tasked the JFP working group to expand the plan towards a draft document.

- b) The interim IC Strategy was signed off by the ICP board in its meeting on 20 March 2023. The final version is available on [Integrated Care Partnership \(ICP\) Meetings - STWICS](#)

3. Recommendation(s)

Telford and Wrekin Health and Wellbeing Board is asked to:

- a) note the update and timeline on the development of the JFP
- b) note the update on the interim IC Strategy

4. Does the report provide assurance or mitigate any of the strategic threats or significant risks in the Board Assurance Framework? If yes, please detail
