Dear Sirs

I have just found out about the attached application

I would like to strongly object to point 3 - the external permission to sell alcohol; show films and live/recorded music.

This is a residential area which is already adversely affected by karaoke (inside and outside the premises) and live music playing. We also have noise from patrons leaving the premises. I have personally witnessed brawls in the street from people leaving. The proposal would only make these occurrences worse for the residents in Court Street.

I live pretty much across the street and am kept awake by these events when they occur. You can hear the karaoke and music inside my house with the windows shut and I have, over the summer, had to turn off my own music off in my garden as the singing of live entertainment in the beer garden overrode my own choices. I have to get up very early for my job and between current events and the collection of the glass refuse, the impact is affecting my sleep and health.

The fact that neighbours are already upset and it's treated as a joke in marketing material doesn't make the new proposals any more palatable. Please see attached flyer from the summer.

I would be very grateful if you could take this objection seriously. I am very happy to talk this through.

Many thanks

Deb Norris

Subject: Objection to premises licence variation The Barley Mow, Court Street, Madeley, TF7 5EB

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

CAUTION: This email originated from outside Telford & Wrekin Council's network. Do not click links or open attachments unless you are sure the content is safe.

I wish to make a formal representation objecting to the proposed variation of the premises licence for The Barley Mow.

My objection relates specifically to two of the licensing objectives under the Licensing Act 2003: the prevention of public nuisance and the prevention of crime and disorder.

I have lived on Court Street for many years and am already regularly affected by noise associated with the premises. While we accept that we chose to live close to a public house and that some reasonable level of activity is to be expected, there has been a noticeable increase in noise from the outside areas of the premises. In particular, music played outside can already be clearly heard from our home. There is also regular disturbance from customers remaining in the beer garden and outside the premises late into the evening, and from customers leaving the premises. This includes shouting and rowdy behaviour and, on occasions, fighting in the street. The proposal to permit external live music, recorded music, films and the sale of alcohol until 11pm seven days a week therefore causes us considerable concern. These activities would take place much closer to surrounding residential properties than music played inside the building and, in my view, would be likely to increase the existing disturbance.

The impact is particularly significant at night when neighbouring residents are trying to sleep. We already experience interrupted sleep as a result of noise associated with the premises and are concerned that granting this variation would make the situation considerably worse.

I therefore ask the Licensing Authority to consider whether allowing these additional external activities is compatible with the licensing objectives of preventing public nuisance and crime and disorder.

I would ask that the external elements of the variation be refused. Alternatively, if the Authority is minded to grant them, I ask that robust conditions be considered to protect neighbouring residents, particularly regarding the hours of external music and entertainment, use of the beer garden, control of amplified music and management of customers leaving the premises.

Many thanks

Dear Sir/Madam

It has just come to my attention about the proposed changes at the Barley Mow Public House in Madeley. I have no problems with the internal and external changes, or the change to the Children's condition. However I do have some strong concerns over the application to allow films to be watched, live music and recorded music played up to 23.00 daily outside. I feel that this is excessive. I would have no problem with these being granted on perhaps a Friday or Saturday night, but not on a daily basis. I live at the bottom of Burnthall Lane which is behind the solicitors that is over the road from the Barley, and I feel that it would be intrusively noisy if it were able to be allowed for 7 days a week

Kind regards

Steve Harris
