To whom it may concern,

Thank you for consulting us on this matter. After reviewing the planning history of the site, the LPA can confirm that we have no comment to make regarding the application to vary the premises license. The LPA does not hold an application for the initial erection of the building, and there are no relevant constraints on any subsequent applications.

It should be noted that there are no restrictions on hours of opening or ancillary use of pub to show film as long as the showing of films remains ancillary to the primary use as a pub.

If you have any queries, please do not hesitate to contact me.

Kind regards,

Caitlin Harper
