Good morning,

On having looked at the application for the variation of the premises licence at the above named premises, I hereby formally object to the application due to insufficient conditions placed on the operating schedule. We have had noise complaints when music has been played outside, there are no conditions placed on the operating schedule or how the music outside is going to be managed on this application. There are a number of residential properties near the premises

Please consider adding the following condition to the application:-

The prevention of Public Nuisance Licensing Objective:-

- Hours of regulated entertainment in the outside area of the premises to cease at 22:00 hrs
- Regulated entertainment to be restricted to the maximum of 12 outdoor events per calendar year
- Noise from outdoor entertainment should not be inaudible within the nearest noise sensitive location.

Public Safety Licensing Objective:-

- No glass outside when you have events involving regulated entertainment in the outside area.

The Protection of Children from Harm Licensing Objective:-

- "Challenge 25" and shall be in operation and adhered to at all times. Notices will be displayed in a clear and prominent places. The acceptable forms of ID are up to date photo card driving licence, military ID, up to date passport or an up to date PASS accredited card bearing the PASS hologram.
- Training will be given to all staff on points of law relating to the sale of alcohol. A training record will be maintained at all times. The training record will include the date the training was given, the identity of the trainer, the identity of the employee, what training was covered and that it was understood. Training will be refreshed every six months and recorded on the training register. The training register will be made available to authorised officers on request.

Please reply to this email if you are going to agree to add above conditions to the application, I will consider withdrawing my objections.

Kind regards, Emma
