## **PART B) – ADDITIONAL INFORMATION**

### **1.0 BACKGROUND INFORMATION**

- 1.1 The suggestions shown in Appendix 1 were considered by the Scrutiny Management Board on 12 November 2019 and referred to the

Environment Scrutiny Committee to decide which issues should be included in the Committee's Work Programme. In making decisions about the work programme, the Committee should consider any feedback from both Senior Managers and Scrutiny Management Board and the following "Criteria for Scrutiny":-

- How far scrutiny can realistically change or influence things;
- The extent to which residents or businesses are affected by the issue;
- How well the Council and Partners are performing in the area; and
- What else is happening to avoid duplication or wasted effort.
- The extent to which triangulation of information can take place through the input of service users/frontline providers

1.3 The Committee should, in making decisions about the work programme, also consider the over-arching priorities for scrutiny as set by the Scrutiny Management Board on 12 November 2019:-

- The Environment;
- Housing; and
- Mental Health.

1.4 Scrutiny Management Board has not allocated a baseline for formal meetings during the municipal year for scrutiny of items on the Environment Scrutiny Committee's work programme. The Committee should seek to schedule a baseline of four formal meetings during each municipal year covered by the 2019/20 and 2020/21 work programme. This schedule does not include informal or sub-group meetings which may be held to gather evidence as part of a review, briefing meetings or regional/external scrutiny meetings.

1.5 The work programme needs to be flexible to allow for important issues which emerge during the year to be scrutinised. However, if a new topic is added to the work programme, consideration must be given to removing an existing item to avoid the workload becoming unmanageable and losing focus.
