

**BCF reporting dashboard  
January 2020**

**Appendix A**

**Monthly highlights**

- Increase of 25% of FFAs continues from SATH and additional admission avoidance activity
- Cost pressure of additional beds continues due to increase in costs (market driven) increased Discharge Notifications through Fact Finding Assessments (FFAs) and step up admission avoidance
- S75 agreement draft documents near completion.
- Benchmarking summary included
- Q3 BCF Template was submitted in line with the deadline of 24<sup>th</sup> January

**Activity against Benchmark (based on National Audit for Intermediate Care 2018)**

| Benchmark area                  | Benchmark | Current (Projected) | RAG | Comments  |
|---------------------------------|-----------|---------------------|-----|---|
| Workforce (therapists)          | 12.2 wte  | 5 wte (tbc)         |     | Therapists in place<br>Also supporting Health and Social Care Rapid Response Team (HSCRRT) admission avoidance assessments  |
| Investment                      | £5.2m     | £2,784              |     | Budget pressures continue due to use of beds.<br>Pathway 1:2:3 ratio currently 62:25:13 including Pathway Zero from 59:26:15 baseline   |
| Referrals                       | 3525      | 3435                |     | 25% increase in FFAs against last year consistently<br>Last 5 weeks ave 41 FFAs a week. Same time last year was 28 FFAs a week<br>Rapid Response overall increase of 15% in last 4 weeks  |
| Beds                            | 41        | 53                  |     | Recent increase in bed usage due to increase FFAs with similar ratio and increase admission avoidance (AA) step ups. Ave last year of 4. This year 8 beds used. Last week was 11 in beds<br>Ave Q3 beds last year was 38 beds; this year is 47 including AA |
| Waiting times                   | 5.6 days  | 3 days              |     | Waiting times monitored within weekly Bed meetings. Rapid Response 95% achieve two hours response   |
| Length of Stay                  | 31 days   | 23 days             |     | Performance tracked through weekly report to the CCG.<br>Q3 average last year was 24 days   |
| Outcomes (home post Enablement) | 66%       | 70%                 |     | Based on snapshot audits and case reviews   |

## BCF programme update

| Programme  | RAG    | Progress and further actions   |
|--|--------|--|
| TWIPP  | Green  | <p>Detailed programme in place and Governance arrangements, reporting and Communication plan in place<br/>Summary (Christmas Newsletter) attached</p>  <p>TWIPP Newsletter -<br/>Christmas 2019 FINAL</p>   |
| Intermediate Care Team<br>(Telford Integrated Community<br>Assessment Team- TICAT) | Green  | <p>Team in place (TICAT) supporting admission avoidance, early discharge and Enablement<br/>Increase of 25% in FFAs against last year. 4 of the last 5 weeks have received 40+ FFAs<br/>TICAT reviews P2 and P3 to ensure accurate Pathway</p>   |
| Integrated Discharge Team<br>function  | Green  | <p>Team in place. Within SATH (part of TICAT team)<br/>Independent Assessor role supports Pathway 3 discharges where providers agree to accept</p>   |
| Pathway Zero   | Green  | <p>Approach developed with Shropshire Council and SATH colleagues to promote strength/ asset based<br/>approach on discharge from hospital. Implemented 2<sup>nd</sup> September<br/>Developed to support achieving the target of pathway 1:2:3 ratio of 80:15:5.<br/>Target of 5% of discharges as Pathway Zero. Currently 7% of discharges<br/>Dedicated post utilised from existing Adult Social Care resources</p> |
| Health and Social Care Rapid<br>Response Team (HSCRRT)                             | Green  | <p>Implemented from 18<sup>th</sup> November. Governance through Board and Operational meetings. 237 referrals to<br/>date. Overall 15% increase in Rapid Response referrals. PDSAs in place to monitor and develop Pilot.</p>  <p>HIC Reporting<br/>Template for HWB B</p>   |
| Frailty Programme and<br>Collaborative   | Yellow | <p>Advanced Care Planning and End of Life through a Collaborative programme approach. Care Home MDT<br/>including with the PDSAs</p>   |
| Frailty Front Door   | Yellow | <p>Team funded by CCG. SATH therapists in place. Medical staffing within the Team needs further follow up.<br/>SCT funded to provide a Rapid Response Nurse. Not recruited to date</p>   |
| Care Home MDT  | Yellow | <p>Team targeting identified care homes. Implementing Emergency Passport and Red Bag Scheme. Advanced<br/>Care planning ahead of Frailty Collaborative. Supporting Frailty Collaborative EOL</p>   |

|                           |  |   |
|---------------------------|--|---|
|                           |  | Independent Assessor role reviews all care home admissions to facilitate early discharge  |
| DTOC High Impact Changes  |  | Summary below   |
| Disabled Facilities Grant |  | Provision of equipment, minor adaptations such as grab rails or ramps to assist disabled people in meeting their needs; major adaptations to an existing home. Limited of £30,000 per adaptation with some additional Discretionary Top Up where required.<br>Delays in completing some major adaptations. OTs remain case managing until completed |

### BCF metrics

| Metric                             | RAG | Comments  |
|------------------------------------|-----|---|
| Non Elective Admissions            |     | Non-Elective Admissions at month 7 total is +2.9% over target.  |
| Delayed Transfers of Care (DToC)   |     | Target of 7 days delay per month. At Month 8 6.10 days/ month<br>2 <sup>nd</sup> regionally in Month 8 overall. 39 <sup>th</sup> nationally overall performance. ASC is 3 <sup>rd</sup> regionally<br>SATH reduced from 1.7% in Month 7 to 2.4% in Month 8 Reduced delays days in SATH and community hospitals by more than 30% against last year.<br>DToC pressure is mental health: 350+ days more than last year. Related to delays in Panel process and to transferring to secure rehabilitation. |
| Permanent admissions to care homes |     | Target of 404/ 100,000 population. Outturn last year was 548/ 100,000 after previous three years of well below national levels (579/100,000) Reviewing data to fully determine current and projected position   |
| Reablement                         |     | Target 80%. Monthly ave of 63%. Reporting period is from January – March<br>Reviewed inclusion criteria due to all P2 and P3 included. 14% of inclusion have RIP within 91 day period<br>Revised count for latest month increased to 69%  |

### Finance

| BCF areas for expenditure             | RAG | Expenditure utilisation comments   |
|---------------------------------------|-----|--|
|                                       |     |  |
| <b>Intermediate Care (£6,686,763)</b> |     |  |
| Rehabilitation and Enablement         |     | Shropshire Community Trust therapists<br>TICAT function support admission avoidance, discharge from hospital, preventative interventions within localities |

|  |  |  |
|--|--|--|
| Domiciliary Care                               |  | Budgeted 47,000 hours. Currently forecast over 48,000 hours  |
| Rehabilitation and Enablement Beds             |  | Block and spot Intermediate Care beds.<br>GP supporting Enablement beds<br>Month 8 shows and expected overspend of £590k which related to use of Intermediate Care beds<br>The risk share agreement allows for a 50/50 share of any overspend.<br>Spot bed prices for nursing beds were 18% higher than forecast and 35% higher for residential. |
| Shropshire Community Healthcare Trust          |  | SCT services including Rapid response, Single Point of Access(SPA) community and specialist nursing teams  |
| Shrewsbury and Telford Hospital Trust          |  | Monies included related to SATH – aligned to rehabilitation within SATH and supported discharge of stroke patients eg ESD, SATH neuro-rehab clinics and therapists   |
|  |  |  |
| <b>Community Resilience (£972,012)</b>         |  |  |
| Preventative Services                          |  | T&WCCG Grants eg contribution to Age UK and Stroke 6 and 12 month reviews  |
| Carers   |  | Deliver Carers support through Carers Contact Centre, specific carers support roles, emergency support, Carers respite, Admiral Nursing and Carers Officer   |
| LA Grants                                      |  | Grants (Commissioned services) identified. This includes contracting with NHS and Council monies eg Age UK and Information and Advice Contract   |
|  |  |  |
| <b>Telford Neighbourhood Care (£4,279,510)</b> |  |  |
| Rehabilitation and Enablement                  |  | OT provision within community teams to deliver preventative interventions and DFG assessments to maintain independence   |
| Assistive Technologies                         |  | Provision of ATs to support sensory and physical impairment, Hub and development of Independent Living Centre to increase early help. Pill boxes. Supported by community alarm provision and contract and Community Equipment Stores contract. AT lead post  |
| Preventative Services                          |  | Funding of Access Team (Family Connect) Support Workers links to Supporting People   |
| Shropshire Community Healthcare Trust          |  | Monies aligned related to Shropshire Community Health Trust including community and specialist nursing   |
|  |  |  |
| <b>Other Care (£11,734,627)</b>                |  |  |

|  |  |   |
|--|--|---|
| Improved BCF                                 |  | Includes funding for additional SW, OT, Matron, Independent Assessor, Tracker supporting DToC performance. Also funds domiciliary care bed price increases to ensure robust provision. Winter Pressures grant |
| Maintaining Eligibility for Clients with LTC |  | Supporting client care.   |
| Programme Management                         |  | CCG monies aligned to specific Programme Management monitoring, finance, performance analysis and reporting, Quality Monitoring   |
| Care Act Implementation                      |  | Range of provision including Information and advice, Advocacy contracts, implementation of Safeguarding Board, training SWs in the legal process, specialist mobility assessments                             |
| Disabled Facilities                          |  | Grant allocation aligned to specific regulations in home adaptations. Increased utilisation and remains in budget.  |
|  |  |   |
| <b>Grand Total: £23,672,912</b>              |  |   |

### High Impact Changes

| Impact change  | RAG rating April 2019 | Further Actions   | Target RAG April 2020 |
|--|-----------------------|---|-----------------------|
| Early discharge planning   | Established           | Further work to embed processes including EDDs in place within 48 hours<br>Early planning for elective care discharges<br>Frailty plans to support early discharge<br>Embed Pathway Zero across all areas as facilitation of early discharge                    | Established           |
| Systems to monitor patient flow  | Established           | Embedded End PJ Paralysis, Criteria Led Discharge on all wards<br>Stranded Patient Reviews impact on both sites enhanced and maintained<br>Continue to manage surges in FFA and Pathway 2/3 surges<br>System-wide demand and capacity management plan refreshed | Mature                |
| Multi-disciplinary/<br>multi agency discharge teams including voluntary and community sector | Mature                | Further development of MDT working within the acute hospital<br>Further development of Frailty Front Door   | Mature                |
| Home First/Discharge to Assess   | Mature                | Consistent desired ratio splits of 80% P1, 15% P2, 5% (Currently improved to 65: XX:XX)<br>Further facilitation to early discharge for care home admissions<br>Ensure sufficient P1 capacity<br>Embed Pathway Zero  | Mature                |
| Seven day service  | Established           | Further improve systems and processes in place to ensure target discharge numbers over 7 days   | Established           |

|                                |             |   |        |
|--------------------------------|-------------|---|--------|
|                                |             | Workforce development for 7 day working   |        |
| Trusted assessors              | Mature      | Daily MDT IDTs in place<br>IDTs involved in Check Chase Challenge, targeted In-reach and Strand Patient Reviews<br>Independent Assessor in place  | Mature |
| Focus on Choice                | Established | Further embed Pathway Zero<br>Further develop Criteria Led Discharge  | Mature |
| Enhancing health in care homes | Established | Further development of Emergency Passport and Red Bag Scheme<br>Further implementation of Enhanced Clinical Health in Care Homes proposals<br>Support Frailty Collaborative EOL pilot in identified Care Home | Mature |

### Risks and mitigation

| Risk identified   | Mitigating actions  |
|---|---|
| Integration of CCGs and ensuring planning and approach is maintained  | Monthly BCF Board agreed from January 2020<br>Planning for 2020/21 programme to be considered in Monthly Board meetings including budget setting on specific lines.   |
| Risk Sharing Agreement not signed off for 2019/20   | Draft RSA sharing with CCG.<br>Seeking agreement to ensure Section 75 Agreement signed.   |
| Increased level of referrals to TICAT – increase of 25% against last year – impact on workforce                                     | Review of TICAT team systems and processes  |
| Increased level of referrals to TICAT – increase of 25% against last year – increased costs and forecasting for 2019/20 and 2020/21 | Development of Pathway Zero and pilot of HSCRRT<br>Weekly monitoring of performance<br>Weekly BCF Board agreed to monitor performance<br>Review of all budget lines before and within the December BCF Budget lines |
| Grants agreements for 2020/21 not agreed at this time   | January Board highlighted need to clarify position in relation to Grants for 2020/21<br>Planning workshop to take place before February BCF Board meeting   |
| Spot bed prices for nursing beds were 18% higher than forecast and 35% higher for residential. Contributed to cost pressure         | Agree budget for beds based on demand and block purchase more beds to predict costs   |
