read in conjunction with drawing reference 7007-003

General design notes:

Isolate rear gardens from public areas by providing lockable gates.

Locate meter boxes in prominent position in front of fence & gate.

Concrete paving slabs to paths & rear terraces. Path 900mm wide.

Brick pavers to driveways with precast concrete kerbs. 300mm wide granite setts to define driveways from private access road.

Construct landings with low thresholds, depth 1200mm laid to a maximum gradient of 1:80 with integrated drainage channel.

Artificial nesting / roosting provision

- 2no nesting boxes for robins, blackbirds and/or tit species
- 1no bat box
- 1no nesting box for house sparrows
