Hi Suzanne

I'm just emailing you to ask if you could look in to the conditions about privacy glass on private hire taxis which are required to have privacy glass on the rear window and many new cars come with privacy glass.

Many drivers are moving to Shropshire or Wolverhpton council for this reason and it's getting expensive for drivers to have privacy glass.

I've been speaking to many drivers in the past few months who are upset about this.

Please could you have a look into this for us as it's having an impact on drivers and our local council is losing drivers.

Thank you

Abid shabir
