Date: 1 April 2020  
Please ask for: David Wilson

**Sent by email only to: [licensingconsultation@telford.gov.uk](mailto:licensingconsultation@telford.gov.uk)**

Dear Ms Fisher,

**Consultation Response of  
Diamond Cars (Telford) Limited trading as Diamond Cars and  
Go Beyond Group Limited trading as Go Carz  
In relation to Tinted Windows in Taxis**

I act for Diamond Cars (Telford) Limited that trades as Diamond Cars (“Diamond Cars”) and Go Beyond Group Limited that trades as Go Carz (“Go Carz”) (together “my clients”).

Diamond Cars is a long-established, well respected, family run business. Recently, Go Carz, to which the aforementioned description of Diamond Cars would have equally applied, became part of the Veezu Group, which is probably the largest traditional private hire business outside of London.

Both of my clients are well known for setting and maintaining high standards and for their cooperation with the police and licensing authorities, as highly respected private hire companies.

Diamond Cars and Go Carz are the two largest private hire companies in the Council’s area and in the wider area of Shropshire.

My clients, together with vehicle owners and drivers, and possibly others, ask Telford & Wrekin Council to:

**Director:**

David B Wilson Cert HELL, MlOL, MBII.tp

“ . . . allow hackney carriages and private hire vehicles to be fitted with manufacturer’s tinted glass. Tinted glass is fitted to both help reduce exhaust emissions by reducing the need to use air-conditioning or to open windows and to reduce the risk of young children, particularly babies, suffering from sun stroke as a result of being unable to move out of the sun, because they are secured in or by a child seat / seat belt.”

The above quoted request forms the prayer of the enclosed petition, which was withdrawn from circulation on or about 5 March 2020 as a result of COVID-19. Although the petition consists of 144 signatures, it is acknowledged that it seems as if some people have signed twice, but equally the directors of and most of the managers at Go Carz have not signed the petition in addition to making this submission. Whatever the true number, I know you will appreciate that there is great support for amending the current conditions to permit the licensing of any suitable vehicle fitted with manufacturer’s tinted glass or, not put it another way, to prohibit the licensing of a vehicle with tinted glass that is not fitted by the manufacturer.

If you would be so kind to advise as to by whom and when this matter will be decided, in view of the current COVID-19 issues, I would be most grateful.

Yours sincerely,

**David B Wilson**
